

Better Than A Husband

Come on baby I'll be better than a husband
You don't have to be my wife
Come on baby I'll be better than a husband
You don't have to stay for the rest of your life

Do me do me baby
Do me do me one

Come on baby I'll be better than a husband
I'm not gonna bitch if you're up all night
Come on baby I'll be better than a daddy
I'm not gonna tell you wrong from right

Do me do me baby
Do me do me one
Do me do me baby
You know how I like to be done

Come on baby I'll be better than a doctor
He can't look at you the way that I do
Come on baby I'll be better than a lover
We won't stop with a time or two

Do me do me baby
Do me do me child
Do me do me baby
You know how I like to get wild

Do me do me baby
Do me do me one
Do me do me baby
You know how I like to be done

Do me do me baby
Do me do me now
Do me do me baby
You know you know how
