

## Drive Myself To Drinkin'

I never been hated like this before until you  
You're the only one who never likes a single thing I do  
It's about enough to make me lose my mind  
So I tell you what I been thinking  
I'm gonna build me a bar in the back of car  
And drive myself to drinkin'

### chorus 1

I'm gonna drive myself to drinkin'  
And I won't have to go nowhere  
'Cause any place I wanna go  
I'll be already there  
I'll have swinging doors and tunes that roar out  
How my heart is sinkin'  
When I build me a bar in the back of car  
And drive myself to drinkin'

I'll never understand why you like that crowd you do  
They're so rowdy and loud I got to yell just to talk to you  
And if I wanna have to myself sometimes  
You run off like I'm stinkin'  
Gonna build me a bar in the back of my car  
And drive myself to drinkin'

### chorus 2

Drive myself to drinkin'  
And I won't have a care  
I'll be flying high like the birds in the sky  
And just be sitting there  
My eyes'll shine like big headlights  
On my brand new hopped up Lincoln  
Gonna build me a bar in the back of my car  
And drive myself to drinkin'  
When I build me a bar in the back of car  
And drive myself to drinkin'
