

I Want You, I Need You, I Love You

Hold me close hold me tight
Make me thrill with delight
Let me know where I stand
From the start
I want you, I need you, I love you
With all my heart

Very time that your near
All my cares disappear
Darling you are the one I'm
Living for
I want you, I need you, I love you
More and more

Well I thought I could live without romance
Until you came to me
But now I know
That I will go
On loving you eternally

Oh want you please be my own
Never leave me alone
I die every time we're apart
I want you, I need you, I love you
With all my heart

Well I thought I could live without romance
Until you came to me
But now I know
That I will go
On loving you eternally

Oh want you please be my own
Never leave me alone
I die every time we're apart
I want you, I need you, I love you
With all my heart
