

One True Love

I love to play for you
I love to make you happy
You're my only joy
And I love to sing for you
I love to hold you in my arms
And talk about what we can do tomorrow

Cause you're my love
My only true love
And I love you every day and all the time
You're my one true love
My only true
And you forever will be in this heart of mine

There's a high hill by my house
And I go up there sometimes
And I think about you
You're always on my mind
You're a poem you're a riddle
You're a fox you're my friend
You're my very own female human being

You are my love
My only true love
And I love you every day and all the time
You're my one true love
My only true
And you forever will be in this heart of mine

This old car I drive it straight
Over bumps it rattles and rocks and shakes
It's always hard to drive
Makes my think I'll never arrive
And when the road swerves
Sometimes I fail and miss the curves
But through it all this one thing still occurs

You're my love
My only true love

And I love you every day and all the time
You're my one true love
My only true love
And you forever will be in this heart of mine

You're my love
My only true love
And I love you every day and all the time
You're my one true love
My only true love
And you forever will be in this heart of mine
