

One World

Everybody want to rock
Everybody want to roll
No body want to stop
No body want to go

Everybody want to be happy
No body want to be sad
Everybody want to be good
No body want to go around being bad

Hey hey hey
Hey hey river
Roll roll roll

One world
One world this one
One world
One world we are on

All of us want time to shop
All of us want time to spend
No body wants to stop
No body ever want's to reach the end

One world
One world this one
One world
One world we are on

Everybody want's to rock
Everybody want's to roll
No body want's to stop
Everybody pay the toll
Everybody want's to be happy
No body want's to be sad
Everybody want's to be good
No body want's to go around being bad

One world

One world we are on
One world
One world we are on

All of us want time to shop
All of us want time to spend
No body wants to stop
No body ever want to reach the end

Hey hey hey
Hey hey river
Roll roll roll

Hey
hey hey hey
Hey hey river
Roll roll roll

Hey
hey hey hey
Hey hey river
Roll roll roll

Hey
hey hey hey
