

*a long monday*

*you and me sittin' in the back of my memory*

*like a honey bee buzzin' 'round a glass of sweet chablis*

*the radio on the windows up and my mind rolled down*

*headlights shining like silver moons rolling on the ground*

*we made love in every way love can be made*

*we made time look like time would never fade*

*friday night we both made the guitar hum*

*saturday made sunday feel like it would never come*

*it's gonna be a long monday*

*sittin' all alone on a mountain by a river that has no end*

*it's gonna be a long monday*

*stuck like the tick of a clock that's come unwound again*

*heart to heart soul to soul cheek to cheek*

*come on baby give me a kiss that'll last all week*

*the thought of you leaving again brings me down*

*the promise of your sweet love brings me around*

*it's gonna be a long monday*

*sititng all alone on a mountain by a river that has no end*

*it's gonna be a long monday*

*stuck like the tick of a clock that's come unwound again*

*it's gonna be a long monday*

*sititng all alone on a mountain by a river that has no end*

*it's gonna be a long monday*

*stuck like the tick of a clock that's come unwound again*
