

*captain pete's blues cruise*

*i take a little trip on friday nights*

*always helps to get my head on right*

*i just close my eyes and see the sights*

*listening to the blues*

*i don't need to use no gasoline*

*i don't need no fancy limousine*

*all i got to do to make the scene*

*is get aboard the cruise*

*captain pete's blues cruise*

*ain't no telling who all you might hear*

*someone from today or yesteryear*

*someone coming through the ionosphere*

*following the muse*

*you get the all aboard at 9 pm*

*don't you hesitate carpe diem*

*it's only gonna be la cream da la cream*

*how can you refuse captain pete's blues cruise*

*all aboard the blues cruise captain pete's blues cruise*
