

*hot fedex man*

*i met this girl back in school*

*she said she thought I was cool*

*and that meant that I was not*

*even close to being hot*

*she said i like a*

*i like a man*

*i like a man a man a red hot man*

*i like a hot fedex man*

*which king I asked her with a sigh*

*the kind who drive or kind who fly*

*with a sparkle in her eye*

*tilted her head to the sky*

*she said i like a*

*i like a man*

*i like a man a man a red hot man*

*i like a hot fedex man*

*i will learn to fly a plane*

*fly to Portugal and Spain*

*find a girl to entertain*

*who likes me with her champagne*

*i'll be the man yes i'll be the man*

*yea i'll be the man a man a red hot man i'll be the hot fedex man*

*i'll be the man the man the red hot man i'll be the hot fedex man*

*i'll be the hot fedex man*

*i'll be the hot fedex man*
