

*monkey river town girl*

*big river that rolls*

*a little sand on your toes*

*thick salty air that you breathe down there*

*makes the breezes that blows*

*wind in her curls*

*she's the one in the world*

*monkey river town girl*

*monkey river town girl*

*sweet as coconut pie*

*down in belize with mahogany trees*

*and caribbean skies*

*don't you monkey around*

*with any monkey you found*

*in monkey river town*

*if you could swing a day or two*

*i would really love to hang with you*

*monkey river town rocks*

*monkey river never stops*

*monkey river town girl more fun*

*than a barrel of you know whats*

*where the water whirls*

*there is a river pearl*

*monkey river town girl*
