

Hello Memphis

Just like a preacher when he's on the attack
Smell them ribs roast'n on the rack
Hello Memphis man it's good to be back home

I hear the music talk'n to the people I met
I feel the magic walk'n down the street
Hello Memphis yes it's good the be back home

I been New York City in a Cadillac
Down to New Orleans and up to Montreal and back
Hello Memphis yes it's good the be back home
