

It's Over

This old house gets cold and lonely
When you leave me all by myself
You know my heart just can't take it no more
I know you're gone with someone else

It's so easy for you
But it's so hard for me
Oh honey can't you see

That it's over
It isn't like before
It's all over
Don't want you coming back to me any more

Oh yes it comes down hard and heavy
When you treat me like you do
It isn't fair for you to do me like this
Why are you being so untrue

It's so easy you you
But it's so hard for me
Oh honey can't you see

It's over
It isn't like before
It's all over
Don't want you coming back to me any more

You're just a heartbreaker
Oh baby why baby why baby why baby why

Oh yes it comes down hard and heavy
When you treat me like you do
You know my heart just can't take it no more
Why are you being so untrue

It's so easy you you
But it's so hard for me
Oh honey can't you see

It's over
It isn't like before
It's all over
Don't want you coming back to me any more

Because it's over
It isn't like before
It's all over
Don't want you coming back to me any more

Yes it's over
It's all over
