

Mi Casa Su Casa

I know you loved him
And I know he hurt you so badly
And I know you're still not over
The sound of good-bye

I know you think it's the end
But darling you've still got a friend
And a place you can go to
Someone to hold you
When you cry

Mi casa su casa
Make yourself right at home
Mi casa su casa
Don't you be so alone
If there is no place to go
And your world has fallen apart
Mi casa su casa muchacha
Here is the key to my heart

I know your world must be empty and cold
As a night on the desert
And your heart has been tossed
Like a bird on the West Texas wind
Searching for some place to land
Darling take hold of my hand
My heart is your own
My home is your home
Welcome in

Mi casa su casa
Make yourself right at home
Mi casa su casa
Don't you be so alone
If there is no place to go
And your world has fallen apart
Mi casa su casa muchacha
Here is the key to my heart

Mi casa su casa muchacha
Here is the key to my heart
