

You Don't Say

You don't say what you want to
You don't care about no one but you
You don't tell the truth about noth'n that you do
You're good for noth'n girl I know it's true

You don't know where you're go'n to
You don't seem to care if you
Lie or steal or cheat your way through
You don't know noth'n you just think you do

You don't say what you mean
You live your life in one big dream
You don't think that I see it all
You don't know it but you're headed for a fall

It's all the same o lies
All are trendy none are wise
You think you got the wool over my eyes
All you are is noth'n in disguise

Well.....
