

It Don't Matter

These days I'm a nervous wreck
Try'n to live my life
So politically correct
Don't stand here
Don't smoke over there
Drink bottled water
Don't breathe the air
Would so crowd
You can't hardly move
Everybody tell'n you what to do
Hey people relax
I got some good news
Let me tell you what all
The Cajuns lije to do

Down in Louisiana it don't matter
If you sane as a judge
Or mad as a hatter
People down there
Don't ever stay blue
Cause they just ate or their fix'n to
Party all night
If it make you feel right
The big easy knows
You gotta let go
Skinny or fatter
Natty or tattered
Down in Louisiana it don't matter
Down in Louisiana it don't matter

Let me tell you how it is
In New Orleans
Life revolves around
Lots of rice and beans
People like to talk
Tell you what they mean
They always have a smiling face
For everyone it seems

Live and let live
Is the way they do
Have your neighbors over
For some alligator stew
Crawfish étouffée
Rock'n Dopsie plays
Next thing you know
All your troubles fly away

Down in Louisiana it don't matter
If you sane as a judge
Or mad as a hatter
People down there
Don't ever stay blue
Cause they just ate or their fix'n to
Party all night
If it make you feel right
The big easy knows
You gotta let go
Skinny or fatter
Natty or tattered
Down in Louisiana it don't matter
Down in Louisiana it don't matter
Down in Louisiana it don't matter
