

That's The Way You Do It

If your looking for a lover
who's gonna love you when the day is done
and love you like no other
and be with you when your race is run
you better hear just what i'm saying
'cause everything i'm saying is true
if you want her to be staying
there's a few things you ought to do

start out with some roses
sweet talk and a picture show
a little dinner at the diner
where the music and the lights are low
and driving home a little later
tell her what's on your mind
but don't manipulate her
just take it nice and slow and have a real
good time

that's' the way you do it
that's the way you do
that's the way you make
a real love come true
that's the way you do it
that's the way you do
that's the way it's done son

well every body knows
that's the way love goes
just take it one day at a time
fools rush in but they never win
it's enough to make you lose your mind

well the moral of the story
the thing to be remembering
when you find your one and only
you gotta treat her like an angel
with the golden wings
pour on the praise and glory
and the back it up with a big fine ring
and then you'll have somebody
guaranteed to make you
raise your hand and sing

that's' the way you do it
that's the way you do
that's the way you make
a real love come true
that's the way you do it
that's the way you do
that's the way it's done son

that's' the way you do it
that's the way you do
that's the way you make
a real love come true
that's the way you do it
that's the way you do
that's the way it's done son
