

What Are We Waiting For

There's a little place not far from here
Where all they serve is Bar-B-Cue and beer
And every country song that you wanna hear
Is coming through the door
Baby what are we waiting for

Underneath an upside down canoe
There's a little table bathed in blue
Where I can take your hand and dance with you
All across the floor
Baby what are we waiting for

Mama said my cousin my cousin Otis
Was talking to my cousin Dan
He said Aunt Marie had noticed
You don't wear a wedding band
So here I am

They said you and me might have a ball
Stranger things have happened after all
Maybe me and you might even fall
In love forever more
Baby what are we waiting

Mama said my cousin my cousin Otis
Was talking to my cousin Dan
He said Aunt Marie had noticed
You don't wear a wedding band
So here I am

They said me and you might have a ball
Stranger things have happened after all
Maybe you and me might even fall
In love forever more
Baby what are we waiting
What are we waiting
What Are We Waiting For
